VIVEK INTERNATIONAL RESIDENTIAL SCHOOL

VIDYANAGAR, GIDHVAS, LADANIA
MADHUBANI, BIHAR, INDIA- 847232

WELCOMES YOU ALL

PROSPECTUS

**OUR MISSION: TO PROVIDE
A COMPLETE SOLUTION FOR REAL
EDUCATION AT AN AFFORDABLE COST**

FROM DIRECTOR'S DESK

Dear parents,

Welcome to **Vivek International Residential School**. This school has been developed in a fully residential form on twelve acres of land with a multi-dimensional program.

In this era of fierce competition, today everyone is busy and is facing short of time.

Under this situation, most of the parents are unable to take time to study and care for the children.

North Bihar is regularly affected by floods, extreme heat and extreme cold conditions. Due to these reasons, children are unable to come to school on regular basis and their study is severely hampered.

Vivek International has been given a completely residential set up so that both education and well being can be assured for children. Today most of the girls are deprived of quality education due to lack of proper and amicable environment, which is causing a lot of harm to the society. As a solution to this problem, a well set up hostel has been arranged for girls in the campus for making the '**Beti Bachao, Beti Padhao**' campaign a success. To provide young children and girls more secure and comfortable environment, female teachers and warden have been assigned to look after them.

In addition to study equal emphasis is given on communication skills through public speaking, debate competition, singing and volunteering activities.

The course selection has been made to meet **CBSE** syllabus.

The saying goes, '**Healthy mind in a Healthy body**', special attention has been paid to this matter in school routine. Every day activity starts with exercise and yoga practice in wee hours of morning. Milk is made compulsory for children every day. Care has been given to ensure that the children get a fully nutritious vegetarian and balanced diet in the mess. A lot of organic vegetables are available from the school campus itself.

Vivek International School has been developed with a special vision under the guidance of educationists and scholars of The country and abroad, where children are provided with **world-class education**, without losing their socio-cultural heritage. This mission to operate an educational institution by **Vivek Singh Memorial Trust** is unique of its kind.

We do hope, your children will have full success in becoming world class citizens by learning in this campus.

I also look forward to your valuable feedbacks to help us in continuously improving our quality of service to children. **Please do not hesitate in writing to me on my WhatsApp. 8826753348 or email me on rajsingh101@yahoo.com**

Yours Sincerely,

Er. Rajkumar Singh

About Us

Origin and History

The school is managed by **Vivek Singh Memorial Trust** (Regd), “a not-for-profit organization” founded in 2007 in memory of **Vivek Singh**, an extraordinary personality who left this world in Toronto, Canada, due to illness while studying in the pre-university stage at the age of 18.

Vivek Singh Memorial Trust is a charitable trust and works on a no profit-no loss basis. After the formation of the trust, the first social activity undertaken by the trust was to establish and run a school in **Gidhvas** village of **Madhubani** district, Bihar to impart quality education. It was felt essential to build schools that can develop the children’s life skills and provide basic education and character-building education. To achieve this objective, it deemed necessary by the trust to develop a school on a completely residential basis. Thus **Vivek International Residential School** was established.

To start the school, the trustees gave initially 3 acres of land on a 30-year lease basis, and subsequently, more land was added to make it a plot of 12 acres. There were no financial resources available, so all the members donated as much as possible from their personal resources. However, most of the resources have been donated by the managing trustee.

At **Vivek International Residential School**, we are dedicated to delivering a truly holistic education experience for both boys and girls, combining academic excellence, character development, and essential life skills. As the only fully residential school in Madhubani district, we proudly offer a 100% boarding environment where students are immersed in a nurturing and growth-oriented community.

This school campus has been developed on a barren and unusable 12 acres of land abandoned after long time usage by a Brick Kiln contractor. We are proving to be a game changer in the field of quality education for middle-class & underprivileged children.

All teaching, and non-teaching staffs stay within the same secured campus. The food served is of very high quality and purely vegetarian which is shared by all in a common dining hall. Each child compulsorily gets milk on a daily basis. The school has also its own kitchen garden, from where fresh and green organic vegetables are used in the kitchen.

School is guided by an advisory board comprising educationists, engineers, doctors, the vice chancellors & social thinkers of a very high order.

Vivek Singh

(10th March 1983- 31st May, 2002)

I will always remember you.

By: Mohammed Farooqui (Vivek's friend)

It's very rare to find a friend like you.

Who never said anything to me when I laughed at you.

Left me all alone and went to meet our maker;
Never invited me to come because I am not a good decision maker.

Gave me a lot of hopes and vanished away.
Never thought of me who just started learning the bright way.

Walking to school with you was like acting on the way.
Listening to you saying SHUT UP was becoming usual anyway.

My ugly singing everyday drove you crazy in a way.
But thanks that you tried to teach me sing in Mohammed Rafi's way.

Remember the two little girls that told me stupid,
And you started laughing at me that day.
Now whenever I see them it reminds me of a
Diamond, which is lost in a shiny day.

I will remember you always for everything you have done for me.
In a little period of time you were in everybody's heart
because of the caring and loving attitude for others you had.

Mohammed and Agalya will always remember the master Vivek.

We will always remember Vivek.

And Churchill will always remember Vivek.
